CLASS DESCRIPTIONS:

HALTER - Based on conformation, and movement to breed standard.

SHOWMANSHIP - In-hand class judged 50% on accurate and correct performance of the pattern, and 50% on overall appearance of exhibitor and horse.

ENGLISH PLEASURE - To be shown in English tack and show attire. The judge will ask you to perform the designated gaits on the rail. Judged on horse's performance, manners, way of going, smoothness of ride, alertness and responsiveness to cues.

ENGLISH EQUITATION - To be shown in English tack and show attire. The judge will ask you to perform a set pattern. The skill of the rider is being judged.

WESTERN PLEASURE - To be shown in western tack and show attire. The judge will ask you to perform the designated gaits on the rail. Judged on horse's performance, manners, way of going, smoothness of ride, alertness and responsiveness to cues. Horses over 5yr ridden two-hands won't be DQ but will be penalized.

WESTERN EQUITATION - To be shown in western tack and show attire. The judge will ask you to perform a set pattern. The skill of the rider is being judged. Horses over 5yr ridden two-hands won't be DQ but will be penalized.

RANCH PLEASURE - This is a rail class. The purpose of the Ranch Horse Pleasure class is to reflect the versatility, attitude and movement of a working horse. The horse's performance should be indicative of a working horse riding outside on the ranch/trail. The horse should work at a forward, working speed while remaining under control at all times. Note: This is not a timed event, and excessive speed will be penalized. Horses exhibited with light contact on the reins should be rewarded; loose or full drape of rein is not necessary. Overall manners, responsiveness of the horse while performing and the horse's quality of movement are the primary considerations.

RANCH RIDING - This class measures a horse's ability to be a pleasure to ride while being used as a conveyance from performing one ranch task to another. The horse and rider are asked to perform a pattern that includes changes of gait, extension of gait, crossing logs and lead changes

RANCH TRAIL - Demonstrate the exhibitor's ability to perform over and through typical ranch work obstacles. The course will show the horse's manner, maneuverability, attitude and response to the rider at the walk, or jog and lope according to the judge's directions or the posted trail course.

JUMPERS - Short jumping course at set height based on division; timed event. Disqualification on for going off course, 3x refusals allowed before disqualification. Time fault for poles knocked down.

WORKING DRIVEN PLEASURE - Driven rail class judged primarily on the ability and suitability of the horse to give a pleasurable drive.

LOG PULL - A precision class. Horse is brought into the ring harnessed, is then hooked to the log or another type of drag. You will begin at a start line, compete a simple weaving pattern and then must stop with the backend of the log as close to the finish line as possible.

DRIVEN OBSTACLES - Set obstacle course pattern. Scoring is based on the horse's willingness, ease and grace in negotiating the course in harness. Not a timed event, each obstacle will be scored on execution.

POLE BENDING - Timed event in which a rider weaves a path around six poles arranged in a line. DQ if rider goes off course, 5sec time faults for poles knocked down. Junior can be ridden lead line.

THREAD THE NEEDLE - Timed event in which a rider races to the end of arena, maneuvers between 4 poles and around the 5th pole before returning to finish line. DQ for going off pattern, knocking over the 5th pole. 5sec time penalty for knocking over any of the first 4 poles. Junior can be ridden lead line.

BARRELS - Timed event in which a rider completes a cloverleaf barrel pattern. DQ if rider goes off course or knocks over a barrel. Junior can be ridden lead line.
